WHERE TO USE WHICH MAT?

Every area has a purpose. Every mat has a reason.

	AREA / LOCATION	RECOMMENDED MAT	MAIN PURPOSE	KEY BENEFITS
	Cow Cubicles	Cubicle Mat	Comfort & resting	✓ Improves lying time ✓ Reduces lameness ✓ Better cow comfort
	Walkways / Alleys	Anti-Slip Alley Mat	Grip & safer movement	✓ Reduces slipping ✓ Safe movement ✓ Protects hooves
	Loose Areas / OpenYards	Heavy-Duty Loose Area Mat	Shock absorption & durability	✓ Strong & durable ✓ Reduces hoof wear ✓ Better drainage
	Feeding Yards / Feed Passages	Heavy-Duty Feeding Mat	Comfortable standing	✓ Reduces fatigue ✓ Encourages eating ✓ Protects joints
	Milking Parlour	Milking Parlour Mat	Grip, comfort & hygiene	✓ Improves grip ✓ Reduces fatigue ✓ Easy to clean
	Calving Pens	Calving Mat	Cushioning & comfort	✓ Extra cushioning ✓ Better hygiene ✓ Protects newborns
	Calf Housing	Calf Mat	Insulation & comfort	✓ Warm & dry ✓ Soft underfoot ✓ Easy maintenance
	Holding / Collecting Area	Heavy-Duty Holding Mat	High traffic protection	✓ Withstands wear ✓ Long lasting ✓ Reduces damage

Not sure which mat is right for your farm? Let us assess and recommend.

THICKNESS GUIDE

Different thickness for different needs.

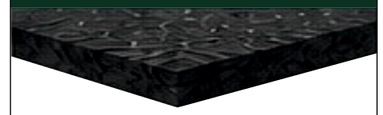

17 mm
LIGHT DUTY

- Light-use areas
- Calves & youngstock
- Smaller livestock
- Kennels & general use

Cost-effective with good comfort.

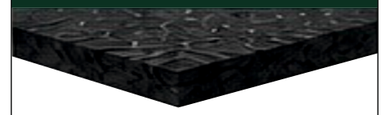

18–22 mm
PROFESSIONAL

- Dairy cubicles
- Walkways & alleys
- Feeding yards
- General farm use

Most popular range.
Balanced comfort & value.

25 mm
HEAVY DUTY

- High-traffic areas
- Heavy livestock
- Holding yards
- Demanding conditions

Maximum protection & premium cushioning.

NOT SURE WHICH THICKNESS YOU NEED?

Don't guess. Let TrediCart assess your application and recommend the right thickness for your farm.

FREE FARM FLOORING ASSESSMENT

We come to your farm. You get the right solution.

1. UNDERSTAND YOUR FARM
We discuss your current flooring, challenges and requirements.

2. INSPECT ALL AREAS
We inspect key areas of your farm.

- ✓ Cow cubicles
- ✓ Walkways
- ✓ Loose areas
- ✓ Milking parlour
- ✓ Calf housing
- ✓ Holding yards

3. MEASURE
We measure the area and calculate the number of mats required.

4. RECOMMEND
We recommend the right combination of Type + Thickness + Surface + Size

5. QUOTE
You receive a clear, itemised quotation based on your actual requirements.
